

Overseas pupil Ferdinand Seitz (Ferdi) came to Llandoverly College for one year and stayed for four!

Following in his father's footsteps and eager to experience life in a British Boarding School Ferdi, from Munich in Germany, joined Llandoverly College in Year 10 and stayed to complete his GCSEs and A Levels taking Maths, Geography, Physics and German.

He was of course much missed by his parents but they encouraged and supported him to seize every opportunity and embrace all that the College had to offer.

Ferdi certainly took them by their word! Both in and out of the classroom he became an integral and active member of the family that is Llandoverly College.

Of his time in Tŷ Dewi Ferdi said: "I loved boarding, it was such fun, always plenty going on and I made close friends who became more like brothers to me. Huw Richards-Price and his family treated me as one of their own and I would often stay with them during weekends and holidays."

In his official role as Deputy Head of Tŷ Dewi, Ferdi looked after Years 9-11 pupils in prep, he would check the House, make sure everyone was doing what they should be doing and was generally an excellent role model for the younger boys.

Housemaster Dafydd Jones said: "Ferdinand carried out his duties as

Deputy Head of House with great integrity and good humour. He was always in the front line when someone was needed whether it was a menial task in the House, supervising the younger pupils or filling a slot in an Inter-House Competition team."

During his time at Llandoverly College, Ferdi immersed himself in a range of sporting activities. In athletics he competed in the Brianne Schools competition with shot putt his favourite discipline. He was Captain of the Llandoverly College golf team playing off an impressive nine handicap and was also vice-Captain of the football team being awarded Players' Player of the Year.

Ferdi was active in many other aspects of College life including carrying out his duties as Chapel Prefect which he did with great efficiency and dignity. He was awarded the Chapel Prize on Speech Day.

On his departure, Ferdi said: "I will never forget Llandoverly College which has been my home for the last four years and all the friendships that I have made that I will always treasure."

Llandoverly College will miss Ferdi too!
